Work all day come back home, get a little older
I don't feel like I belong, devil on my shoulder

Discomfort I wait for you
Discomfort I....

Try and break my routine, it's harder than it looks here
Drowning in monotony, thinking that I'm alright
Discomfort I wait for you
Discomfort I....

Can I embrace a moment with you
Can I embrace a moment with you
I missed my chance a thousand times before
I swear that am I gonna miss no more

I will die in this place reading in the papers
Another frown another face hoping for a rebirth

Discomfort I wait for you
Discomfort I....

Can I embrace a moment with you
Can I embrace a moment with you
I don't need a lifetime, a moment will do
Can I embrace a moment with you
For I missed my chance a thousand times before
No I swear that I am gonna miss no more

Aah get it out of, get it of my way
Aah get it out of, get it of my way

Can I embrace a moment with you
Can I embrace a moment with you
Don't need a lifetime, a moment will do
Can I embrace a moment with you
For I missed my chance a thousand times before
And I tell you I am gonna miss no more
So would you give me the reason I need
I waited so I want more and more and more and more
Yes I swear that I, I'm gonna miss no more

I missed my chance a thousand times before
And I tell you I, I'm gonna miss no more
