Teach me to number my days
And count every moment
Before it slips away
Take in all the colors
Before they fade to grey

I don't want to miss
Even just a second
More of this

It happens in a blink, it happens in a flash
It happens in the time it took to look back
I try to hold on tight, but there's no stopping time
What is it I've done with my life?

It happens in a blink
It happens in a blink

When it's all said and done
No one remembers
How far we have run
The only thing that matters
Is how we have loved

I don't want to miss
Even just a second
More of this

It happens in a blink, it happens in a flash
It happens in the time it took to look back
I try to hold on tight, but there's no stopping time
What is it I've done with my life?

It happens in a blink
It happens in a blink
It happens in a blink
It happens in a blink

Slow down
Slow down
Before today becomes
Our yesterday

Slow down
Slow down
Before today becomes
Our yesterday

It happens in a blink, it happens in a flash
It happens in the time it took to look back
I try to hold on tight, but there's no stopping time
What is it I've done with my life?

It happens in a blink, it happens in a flash
It happens in the time it took to look back
I try to hold on tight, but there's no stopping time
What is it I've done with my life?

It happens in a blink
It happens in a blink
It happens in a blink
It happens in a blink
