There's fear in your eyes
As you face the unknown
You keep asking why
For a reason to hold on
But hold on love

The life that you plan
The dreams are all gone
You don't understand why you should hold on
But hold on love

I'll be here
Whatever comes your way
I'll be here
It's a promise I have made
When you close your eyes
And say your last goodbye
I'll be here

I'm strong enough
I'll be your hope
I made a way
I just need you to hold on
Hold on love

I'll be here
Whatever comes your way
I'll be here
It's a promise I have made
When you close your eyes
And say your last goodbye
I'll be here

No matter what you're facing now
As you're drowning in a sea of doubt
You should know I won't let you go
No matter what you're going through
Just remember I have been there too
You should know I won't let you go

I'll be here
Whatever comes your way

I'll be here
It's a promise I have made
When you close your eyes
And say your last goodbye
I'll be here

Hold on
Hold on love
