Broken hearted here I stand
With an emptiness inside
That I've tried to satisfy
Many times I've wandered far
Searching for some kind of meaning
In this world that's so deceiving

[Chorus]

But the truth is
There is none like you
Oh, the truth is
There is none like you

Even though my heart is yours
I'm so quick to compromise
Still believing all the lies
But your mercy finds me here
And you show your love to me
so that I can finally see

[Chorus]

But the truth is
There is none like you
Oh, the truth is
There is none like you

Let your love and majesty
Shine for all of us to see
That there is none like you
Let this peace and let this hope
Rise in me so all will know
Lord, there is none like you

[Chorus]

But the truth is
There is none like you
Oh, the truth is
There is none like you
