Get around, get around, I get around

Stainless steel providers  
Stainless steel providers  
Stainless steel providers

Stainless steel providers  
Stainless steel providers  
Stainless steel providers

Stainless steel providers, make it obvious  
We like driving the point home  
A hundred thousand vagabond insects  
All making a meal out of stainless steel

You should kick away the watchword  
And throw caution to the wind  
Remember what it's like  
When we are

Screaming, dreaming  
Screaming, dreaming  
Screaming, dreaming  
Screaming, dreaming  
Screaming, dreaming  
Stainless steel

Stainless steel providers  
Stainless steel providers

Get around, get around, I get around

When it's time to go, I'm the first to know  
A parasitic nation, is it good enough for me?  
I'll make you a mantra  
From monkeys and car bombs  
Beneath, beneath, beneath  
Beneath, beneath

Quick, locate and detonate  
Your public enemy  
Stainless steel, believe it's real

It's all you mean to me

What's that sound, what's that sound  
It bleeds efficiency  
The way I feel on stainless steel  
And all it does to me

Stainless steel providers  
Stainless steel providers

Another tire, let it catch on fire  
A metal motor mantra  
Makes you waste the time of day

You'll sit on a time bomb  
Forever and ever  
Now breathe, breathe  
Breathe, breathe, breathe

Quick, locate and detonate  
Your public enemy  
Stainless steel, believe it's real  
It's all you mean to me

What's that sound, what's that sound  
It bleeds efficiency  
The way I feel on stainless steel  
And all it means to me

Stainless steel providers  
Stainless steel providers  
Stainless steel providers
