[G.O.D Talking]

Ain't no clique like this...word life dunn

Niggas know...QB nigga 41st Side

M-O-B-B top dog nigga...Non-Stop

How we do dunn... mother fuckin' right

[Verse 1]

Out of the bottomless pit to the glamour and glitz

Infamous flicks we stay dropping hit after hit

When you listen to this dope raw shit I spit

Understand everybody got a spot to fit

Get touched if you move out of the spot you in

I hustled crack half my life to make ends right

Did crime got caught did time I held mine, did fine

Eternal life niggas never die

Thoro bred bitches always body me inside

Shit jump off I know my hoe gon'(na) ride

We Will survive forever stay alive

Infamous motherfucker 'til I die

[Chorus: Chinky (G.O.D)]

We will survive (Forever stay alive infamous  
motherfucker 'til we die)

We will survive (We live for the street niggas hustling to  
make ends meat)

We will survive (It's raw like that, cock back blow the  
four like that)

WE WILL SURVIVE (The M-O-B-B, Infamous, 41st, QB)

[Verse 2]

Battles scarred up rules never close the hill

Marked for life live niggas blowing their steel

It's most real in my everyday life appeal

Measure my steel let's take to the streets

We M-O-B-B, QB if push come to shove

Queensbridge niggas threatened you get stopped and  
plugged

38 snub in the glove V One Douce

For them niggas who get loose throw them off the roof

They ain't true forever I'm a rep my crew

Where I've been you will never go, blow for blow

Travel the world locked up under the jail

Stay alive we survive where it's real

[Chorus: Chinky (G.O.D)]

We will survive (Forever stay alive infamous  
motherfucker 'til we die)

We will survive (We live for the street niggas hustling to  
make ends meat)

We will survive (It's raw like that, cock back blow the  
four like that)

WE WILL SURVIVE (The M-O-B-B, Infamous, 41st, QB)

[Verse 3]

I got a rhyme for every fucking dead soul in me  
For the times that was hard y'all was holding me  
Scolding me, teaching me what's right from wrong  
Waiting full strong survival of the realest live on  
Since my born '73 'til when I don't know  
When it's my time to go I go it was wrote  
Till then I leave you with the snout toast in your throat  
My niggas is all pro hopping out the latest jeeps  
Reach but you won't reach  
See what you won't see  
The GOD G-O-D part three repping QB  
Where it's live at get your shit twist 41 nigga  
One

[Chorus 2X: Chinky (G.O.D)]

We will survive (Forever stay alive infamous  
motherfucker 'til we die)

We will survive (We live for the street niggas hustling to  
make ends meat)

We will survive (It's raw like that, cock back blow the  
four like that)

WE WILL SURVIVE (The M-O-B-B, Infamous, 41st, QB)
