#### [Verse 1]

Someone call cupid robbery at first sight this girl has  
stolen my heart  
Come with me I promise, that with my romance, you'll  
have the time of your life  
When I touch ya, kiss ya, lick ya, all I wanna do is feel  
ya  
Glue yo body on my body, pop a bottle lets get naughty  
No kung-fu I kick it karate play a game I hide you find  
me

#### [Hook]

(Baby, the moment I layed eyes on you)  
You pushed the clutch drove me insane got me  
thinking bout you all night and day  
(In my world... we play by my rules)  
No fights no tears no pain lets play 1on1 in this love  
game  
(Its your figure that has me going crazy, your lips your  
smile)  
Smooth skin damm your fine dark eyes wish they were  
mine  
(It was like, like a robbery at first sight)  
You stole my hearttttt committed a crimee

#### [Hook 2]

Shake it baby shake it  
I just wanna taste it  
Thinking of you naked  
Got my heart racin'  
Join you in the shower  
Let me be your towel  
Wanna hear you louder  
Baby, baby, baby

Shake it baby shake it  
I just wanna taste it  
Thinking of you naked  
Got my heart racin'  
Join you in the shower  
Let me be your towel

Glue your body on my body no kung fu I kick it karate

[Verse 2]

Like a clock on my face, hypnotized  
Hands on a watch shawty moving like time

Don't gotta sneeze I know your blessed  
Never day dream you're better than the rest  
(Jaja get it? your better than the rest)
