Searching for new ways to go, new things to find,
searching and I'm never satisfied,
Always the promise to take only one more step
forward, and then I'm gone -
Broken ist the promise
Return is no escape
Only a new beginning
Of one mor endless way

I reach out for more
I need to know it all

REF:
What lies behind
What lies beneath
Can I regain
Serenety
I've found a million
Winding ways
And fade away
In the blackness of the screen

Chasing the media serpent along it's deceitful way
Rushing along the streets of curiosity in decay
Seeing is believing
As the saying goes
Eyes can be deceiving
And impatience grows

I reach out for more
I need to know it all

REF

REF II:
I can't see if I'm awake or in a dream that I can't break
out
I' drowning deep down in dark waters deep
I need to know

REF

REF II

I can't see if I'm awake or in a dream that I can't break
out
What lies behind
What lies beneath
