Now let me tell you how I feel  
Check it out

Verse 1:

Open up your heart to me  
Don't be afraid  
Gonna show you that one thug love that I have been  
keeping inside and  
D'you know my heart strives  
My red blood flow rise and rise  
To the top above  
The heavens and the clouds  
Where the streets and sidewalks are bright as gold  
Step into my world girl  
Take you for a ride in my life  
Someday you'll be my wife  
Never know what I gotta show

In store  
When I walk through that door  
Me and you standing on a bright star  
In a distant universe 10 million light years so far  
So never let it go girl  
Only me and you, what  
It's the things that we do  
It's cool  
Keeping it true with you boo my heart is only for you  
Never give it up  
Never let it go  
Cause you know  
My love flows like a river flow  
And I promise you that  
That's I always got your back  
Like a friend  
Like a lover  
There be no other  
Who loves you like a brother  
Never let you down  
And I always can be counted on  
To be the one  
To show you true love  
My real love  
What the deal love  
With this relationship  
Can you feel it  
How's it going down  
Yo I ain't clowning around  
Look into my heart  
And this is where my love will be found

Chorus:

Where would I be without you  
Don't ever give up cause you know  
I wanna be with you boo, yeah yeah yeah .....

All of my life i've been waiting for you (So what?)  
Can this be true you know babe im missing you  
Where would I be without you (where would I be without  
you? baby, yeah yeah yeah...)

Don't ever give up cause you know  
I wanna be with you boo, yeah yeah yeah .....

All of my life i've been waiting for you (So what?)  
Can this be true you know babe im missing you yeah  
yeah yeah.....

Verse 2:

Locked inside me  
It's the one thing no one really sees

My life as a dead rose  
Peddles just fall  
Stems gonna die  
Really damn slow  
But then you came into my room  
In a dark world nothing blooms  
You allow me to look up  
Look in your eye and know what's up  
And I felt a mad rush of love  
From then me and you  
Saw like thugs  
That shows my love like a thousand times  
But in my mind its not enough  
Gotta know the things you hate  
Realize the way you are  
Hope I never make you cry  
I never make you lie  
So you can save my heart from the pain that your  
enduring  
When your friend talk behind my back  
Just tell me the truth of things  
So you don't stress out  
And I hope you can relax  
Cause I love you more than friends  
And I love you more than family  
When I see you get all sad  
It's like a sword penetrating through me  
You tell me your worst times  
You tell me your worst stories  
I tell you same thing  
And you make me not worry  
You make me become so happy  
And you make me put on a smile  
Never knew a girl like this  
Like you  
Who had love, love like in denial  
Now its my turn to tell you  
What I think of you  
Sweetie hunny bunny boo  
Your the best thing that ever happened to me since I  
was in school  
When I die you'll see its true  
And the world will see it too  
Them names of two lovers  
Which is written in blood  
Memories of me and you

Verse 3:

Forever and a day  
My mind seems to play

Yo the times that we had  
Were sometimes good and bad  
When the days that i'm sad  
You were there to cheer me up  
What's up boy?  
What's up girl?  
It ain't nothing  
Why u fronting?  
D'you feel my love for you boo?  
I'm feeling it....  
D'you know that its true?  
I'm hearing you  
Tell me that you do boo?  
Baby yes I do.....  
And baby tell me it's cool?  
It's cool, it's cool...

Chorus:

Where would I be without you  
Don't ever give up cause you know  
I wanna be with you boo, yeah yeah yeah .....

All of my life i've been waiting for you (So what?)  
Can this be true you know babe im missing you  
Where would I be without you (where would I be without  
you? baby, yeah yeah yeah...)  
Don't ever give up cause you know  
I wanna be with you boo, yeah yeah yeah .....

All of my life i've been waiting for you (So what?)  
Can this be true you know babe im missing you yeah  
yeah yeah.....
