you see me alone and you ask why.
i wont tell you till i die.i just want to
cry.i want to forget about that night.
when i felt like i died.when i used to
see you i felt love.now it's opposite.

i want to forget about this pain.i wanted
to goin your game.you pushed me out
of your way that day.

you've tryed to cover up what you've
done to me.now you wonder why i
walked away from all this pain.i wish
i didn't have a pain in my heart.now
i see it in too parts.when i used to
see you i felt love.now it's opposite.

i want to forget about this pain.i wanted
to goin your game.you pushed me out
of your way that day.

i can't hide all this pain anymore.i don't
want to see you anymooooooooore.

i want to forget about this pain i wanted
to goin your game.you pushed me out
of your way that day. 2x's
