(My name is)

Run

(Who?)

Run

If you thought that was fresh, bust this

I see you standing there, so lost and all alone

I wanna take you in my arms and tell you that you're
home

I know just what to do, gonna be a shining star

I know just how to rescue you 'cause I've been where
you are

Yo, now once again my friend, it's the Reverend

The first platinum status rap president

And from the coast of California to the shores of Maine

Got a East coast sound and my beats go bang

My old black crown and my sneakers own name

And I'm back y'all with a collar and a cape

Like a superhero armed with an old school tape

And to the beat y'all, it's a banger for the clubs

You ain't never seen a Reverend that's sittin' on dubs

Rockin' on your radio

Beats to the rhyme, the rhyme it don't stop y'all

On and on and on, now let's rock y'all

Feel the music, bop to this song

From the night 'til the mornin', rockin' all night long

Beats to the rhyme, the rhyme it don't stop y'all

On and on and on, now let's rock y'all

Feel the music, bop to this song

From the night 'til the mornin', rockin' all night long

I take time with my rhyme and I climb but don't reach

Hustle 'round with Russell and grind and rock beats

And I'm back, what? Another hit for the streets

I got love for my brothers from Queens to overseas

Step into the room and then boom, the horn screams

Rev rollin, royal and regal, I got dreams
Just like Martin Luther, the King who might teach
Rock a collar to the party after party go and preach

Beats to the rhyme, the rhyme it don't stop y'all
On and on and on, now let's rock y'all
Feel the music, bop to this song
From the night 'til the mornin', rockin' all night long
