I've been waiting for this Night  
With the winds  
She streamed down on the forest  
The Moon has masked  
Only with the luminous blade  
It was dazing them  
Who didn't manage to switch on the lights

The One possessed their eyes  
And they were marching  
Following them  
In the daemonic dance  
Of tranquility and concentration  
Gazed at the glaring moonlit flame

They were opening the eyes wide  
And the One possessed their souls  
Incinerated their wisdom  
Incarnation of everlasting power  
Alien to human flesh

Crashed them into ashes  
Naive in their blindness  
The Trees have engulfed them  
They didn't bow down before  
So prior to they reached  
They melt away

And the glare of crystals  
Pealed by an omnipresence of light  
In the Darkness

Fire has awaken and rose  
Hidden for thousands of years  
Primaeval blade  
This night wept with blood  
Sun demised by the light of truth  
Ashamed melt away in the entrails of welkin  
They will not be afraid anymore  
Neither feed their fear with the following  
Love

This Night  
Heads fell down  
Scattered with myriad of ashen grains

This Night  
One of the gllitering lights  
Has declined
