When I look into your eyes
Seems like a kind of hypnotize
And your this perfect looking eye
Don't know whether to laugh or cry

You're irresistible
You're unbelievable
It's just strange cos I don't know you at all
I'm mature if I want to
Cos' I'm so deep in love with my illusion of you
I'm afraid I won't like but I'm fine
That you're not what I picture in my mind
I'll leave it behind

I'm in love with your smile
I'm in love with your style
Wish you could stay the way it is
I'm in love with you so far boy
I'm gonna leave it just like this

All I want you to be
Is the boy in my dreams
Wish you could stay away from me
Then you want disappoint me baby
You'll be everything I need

Maybe we were meant to be
Baby temptation's killing me
But if we come to close
I fear that one day this magic will disappear
Still kinda curious
If this labile crush
Maybe it could turn to something serious
But I don't want you to know me
I'm afraid your're in love with your delusion of me
I'm afraid you won't like what you see
Maybe I'm not the kind of me
You want me to be

I'm in love with your smile
I'm in love with your style

Wish you could stay the way it is
I'm in love with you so far boy
I'm gonna leave it just like this

All I want you to be
Is the boy in my dreams
Wish you could stay away from me
Then you want disappoint me baby
You'll be everything I need

The less I know about you
The more I can love about you boy
That is why I love everything about you right now

I'm in love with your smile
I'm in love with your style
Wish you could stay the way it is
I'm in love with you so far boy
I'm gonna leave it just like this

All I want you to be
Is the boy in my dreams
Wish you could stay away from me
Then you want disappoint me baby
You'll be everything I need

You're irresistible
