Ten years from now
When I turned around
Will I be satisfied
When I look back on life

Don't tell me it's too late
Don't tell me that I threw it all away
Don't tell me that I did this all in vein

I had my reasons why I walk this lonely road
I never returned.
Was it worth the life of sacrifice
Ten years from now

When she looks at me (she sees right threw me now)
All my emptiness in her eyes
So damn hard to speak (can't say a word out loud)
There's no words to make this right

She tells me that I'm lost
I know that she will never understand (Even if I'm
wrong)
I know that I will do it all again

I had my reasons why I walk this lonely road
I never returned.
Was it worth the life of sacrifice
Ten years from now

Years from now

I had my reasons why I walk this lonely road
I never returned.
Was it worth the life of sacrifice
Ten years from now

I had my reasons why I walk this lonely road
I never returned.
Was it worth the life of sacrifice
Ten years from now
