I know you know
Just what I am
It tears me up
And I can't stand up on my own
My legs are dead
I cannot mend
Its killing me

I've felt so numb beneath the surface
The walls grow dim and I can't breath
My hands are tied I cannot feel
I hear it over and over again

It so loud inside my head (these little voices calling me)
It so loud inside my head

I left you there without a reason
It took a year to finally see
I felt so numb inside I bleed
And I had so much left to give

It's so loud inside my head (these little voices calling me)
It's so loud inside my head (these little voices calling me)
It's so loud inside my head

Why can't you let it go
Can't you let it slid
Could you let it kill yourself inside
Why can't you let it go
Can't you let it slid
Could you let it kill yourself inside

It's so loud inside my head (these little voices calling me)
It's so loud inside my head (these little voices calling me)
It's so loud inside my head
It's so loud inside my head
