"Slow Burn"

Break into the warehouse on graduation night
Drunk, laughing, fall around
Oily rags in our hands
Matches fallin' out of our pockets
Yeaaaaah!

Keep the car runnin'
Don't leave the lights on
Got a job to do
Won't be back until it's done
Grab a beer
Watch 'em all burn
Burn down, down
To the ground
Feel the heat
Hear the sound
You got slow
Before it starts to burn
Use a little more gas
Just a little bit spun
Start it off

Keep the car runnin'
Don't leave the lights on
Got a job to do
Won't be back until it's done
Grab a beer
Watch 'em all burn
Burn down, down
To the ground
Feel the heat
Hear the sound
You got slow
Before it starts to burn
Use a little more gas
Just a little bit spun
Start it off
Slow...
Burn...
Got a light?
Let's watch it burn!

WATCH... IT... BURN!
WATCH... IT... BURN!
WATCH... IT... BURN!

Yeaaaah!

Keep the car runnin'
Don't leave the lights on
Got a job to do
Won't be back until it's done
Grab a beer
Watch 'em all burn
Burn down, down
To the ground
Feel the heat
Hear the sound
You got slow
Before it starts to burn
Use a little more gas
Just a little bit spun
Start it off
Slow...
Burn...
Got a light?
LET'S WATCH IT BURN!
