Is this what you wanted
You got what you needed
All that's mine
Take it or leave it (take it or leave it)
Everything's even but what's left of my life
Everything's wrong
I know
I can see it in your eyes again
Taking control
Of my soul and my life
'Cause you take away
You take away
What more can you take
It feels like I've been here before
All that you do
Seems to abuse
You won't cut me anymore
I'm bruised and I'm bleeding (I'm bruised and I'm
bleeding)
It's kept me from seeing all your lies
You kill all that you touch (kill all that you touch)
But this time it's too much, it all comes around
Everything's wrong
I know
I can see it in your eyes again
Taking control
Of my soul and my life
'Cause you take away
You take away
What more can you take
It feels like I've been here before
All that you do
Seems to abuse
You won't cut me anymore
Take Away
You want it
All from me
You wanted it all
'Cause you take away
You take away
What more can you take
It feels like I've been here before

All that you do
Seems to abuse
You won't cut me anymore
'Cause you take away (you take away)
You take away (you take away)
It feels like I've been here before
All that you do
Seems to abuse
You won't cut me anymore
Take Away
You want it
All from me
You wanted it all
