Touching this is my favorite thing  
To do whenever you're with me  
I just wanna feel your skin  
Over and over again  
I love the way we touch  
I need you close  
There's nothing like your touch  
Can't get enough caressing  
Every inch of you  
So slowly  
That's what I like to do  
Each time we touch  
I love the way we touch  
I need you close  
There's nothing like your touch  
Can't get enough  
Can't get enough  
What a sensation  
The feeling of your skin in mine  
Touching in love  
Oh yea  
I love the way we touch  
I need you close  
There's nothing like your touch  
Can't get enough  
I love the way we touch  
I need you close  
There's nothing like your touch  
Can't get enough  
Can't get enough  
Can't get enough  
Can't get enough
