So much pain I've been doing in my life
Every time I want to take my life
But this magic in my life

Rap:

I'm flying like an Eagle, too young for the struggle, of mine,
Not some of us but all of us mean to shine.

Soul of the Nile, weak up the giant, freedom and civil right, far away from the land of death.

Smaller as a target, everyone can miss. How can you condemn a lot of friends, you see, a lot but
the lot doesn't make a difference. I'm going to my destiny, behind me a legend.

I still close my eyes; I make a wish nine years in silence.

The silence never turn me to the snitch today my life becomes phenomena's, and that make me
sick.

Hook:

So much pain I've been doing in my life
Every time I want to take my life
But this magic in my life

Rap:

Yaa Same! Don't squash the sound, pup up the volume.this is my life story man

Help me to break it down.

Short cut save a lot of time, double click in my mind.

11 months old, the father died.

I didn't have the chance to say good bye.

I'm trying so hard not to cry.

Growing up, no father around.

Yesterday is gone.

Today I'm looking for the silence sound.

To come to the mood, resample and saving each sample.

I survive, I've been through dark nights.

I leave if I lost the fight,
But I never leave if I don't fight.

Hook:

So much pain I've been doing in my life
Every time I want to take my life
But this magic in my life

11 months old, the father died. I didn't have the chance to say good bye.

I'm trying so hard not to cry.

Growing up no father around.

Yesterday is gone.

Today I'm looking for the silence sound
