Midnight in August
Hanging with my friends
Out till 4, wake up at 2
Then do it all again

Radios and crickets
Watch the meteors fly
The parking lot sure empties out quick
When the cops come by

Hold on to this
You never know
What you might miss

Could be any town on any night
The Texaco's all we need for light
Nothing really happens and that's alright
On this one true summer night

There's this pretty girl
I'm not sure of her name
Pretend I don't notice
But I know that she's doing the same

Maybe meet up later
Nothing better to do
Sit in the front seat
Just talk as the dawn runs blue

You gotta hold on to this
Never know where you're going
With that first kiss

Could be any town on any night
The Texaco's all we need for light
Nothing really happens and that's alright
On this one true summer night

Could be any town on any night
The Texaco's all we need for light
Nothing really happens and that's alright
On this one true summer night

Yeah, eah
One true summer night
