Verse 1:

These days all come once a year and
All I know is that they're always here with us
If I'm with you, you put a smile on my face
And that's what gets my day through
All the trials that I run into
Don't really matter to me
Cuz when I look all I see is
Another day, to look forward too

(Chorus)

I don't really care for Christmas time
And I don't need no love from St. Valentine
I don't really care bout' Halloween
Cuz you don't need no costume to be my queen
Don't care about Easter or 4th of July
Cuz all I needs the sparkles in your eyes
I don't really care what people say
Cuz everyday with you means a holiday

Verse 2:

No I don't need another day
To bring the joys of pearl
Cuz all I need is your love
And I don't need another person
To share my life with
Cuz you're heaven sent from up above
It don't matter what the season is
Winter time, Spring, Summer I know
I can Fall, into your arms
Cuz I know you'll keep me safe and warm

(Chorus)

I don't how to say
But everydays a holiday
All them other holidays
Don't really make no sense to me
Don't want no gifts no treats
All I want is you and me
Cuz

(Chorus)
