Hey there little mommy
Won't you dry your eyes
Don't you see that you're wasting your time
With him
'Cause he said he'd stop from hurting you
One time before
But guess what
He's long overdue
Girl, he keeps on hurting you, you, you

Hey there little mommy
Won't you open your eyes
And see the pain he puts you through
With all of his lies
Yeah

Now I don't mean to be a homewrecker
But you need to leave him sooner or later
You don't need him in your life
Let me be the one to treat you right

I know, it's kind of hard
To trust somebody else's heart
What more can you see
From a man like him
Yeah
And girl I want you to know
That I will never break your heart
Just put your faith in me
I'll treat you like a queen

Oh no, it's 2 a.m.
You're calling me on the phone again
(Hello) Now I don't think this right (What, look you gotta
listen to me)
No, no, no

If you don't get better
Then why do you keep running to me

And telling me that it's him that you wanna leave
Why don't you leave him tonight
I swear that everything will be alright

I know, it's kind of hard
To trust somebody else's heart
What more can you see
From a man like him
Yeah
And girl, I want you to know
That I will never break your heart
Just put your faith in me
I'll treat you like a queen

I'll treat you like
I'll treat you like
Come on girl
Let me treat you like a queen
I'll treat you right
I'll treat you right
Just take my hand
And girl, you'll see
I'll treat you right
I'll treat you right
Yeah
Come on pretty lady
Yeah
I'll treat you right
I'll treat you right
Woohoo

1, 2, 3, 4
Just put your faith in me, baby

Ain't trying to disrespect your man
I'm just saying I can do it better than he can
I can't buy you all the rings
All the diamonds and pearls
But I'll treat you like a queen
Now that's my word
I can tell you all the simple things you've never heard
Like how much I love you
I want to squeeze and hold you
So just find your way with me
'Cause you'll be my queen
I'll be your king
That's all that matters to me
Baby

I know it's kind of hard
To trust somebody else's heart

What more can you see
From a man like him
Yeah
(What do you see)
And girl, I want you to know
That I will never break your heart
(I'll never break your heart)
Just put your faith in me
I'll treat you like a queen

Never gonna let you go, no
Never gonna let you go, no
(I'm never gonna let you go)
Never gonna let you go, no
Never gonna let you go, oh girl
Never gonna let you go, no
(And girl I want you to know)
Never gonna let you go, no
(That I will never break your heart)
Never gonna let you go, no
(Just put your faith in me)
Put your faith me, oh girl
(I'll treat you like a queen)
I know, it's kinda hard
To trust somebody else's heart
What more can you see
From a man like him
And girl I want you to know
That I will never break your heart
Just put your faith in me
I'll treat you like a queen
