It happend, I know it. I just  
can't believe it, and now I'm  
hurting and you leave to see  
it or maybe you just want  
revenge maybe you want me to go  
through what you've been but I  
promise I know what it is that I  
did and I swear under oath that I  
won't do it again maybe I should  
just keep suffering so that I can  
go through what you've  
been just know that I can't  
stop loving you baby It  
happened I know it I guess I  
can't take it back you say that  
shit happens I don't want to  
believe that It happened I know  
it I guess I can't go back in  
time and shit doesn't happen I  
just make mistakes  
sometimes just know that I'd  
take it all back and I'd set it  
ablaze watch as the fire destroys  
all bad things just as the fire  
would burn and amaze and create  
the good things we call  
memories just know that I  
can't stop loving you baby It  
happened I know it I just can't  
believe it and now im  
hurting and you leave to see  
it or maybe you just want  
revenge maybe you want me to go  
through what you've been but I  
promise I know what it is that I  
did and I swear under oath that I  
won't do it again maybe I should  
just keep suffering so that I can  
go through what you've been  
I can't stop loving you baby,  
I can't stop loving you baby
