Vocals and Lyrics: The Medication Age and Jeffree Star

Fuck yeah

Come on bitches, this is it

Come on bitches, this is it

The Queen Bitch is here to bring it!

Fake eyelashes and drug stashes

candy-army and the camera flashes

Lovely liquored up, prop me up, fucking cunts!

Who wants the bitch back?

FUCKING CUNTS!

Talking smack, I know you ain't talking shit

looking like that, cracked out

I'm gonna fucking kill you

I'm not an actor but I play one on TV

JEFFREE STAR WILL KILL YOU!!

I know you love Jeffree Star...

JEFFREE STAR WILL FUCKING KILL YOU! -I'LL FUCKING
KILL YOU!

FUCKING BITCH!
