I see you walking away from me
well turn that ass around and stare at me
like I saw you doing only a second before. . .

I can see it in your eyes like the fire in the skies
when the sun is setting down behind the horizon
and no i don't wanna fight, but i'm not leaving tonight
until i see the a sign of guilt in your eyes and. . .

maybe i'm the one to blame
but baby it's a god damn shame
to throw it all away
playing this little blaming game you play
and maybe you're the one ..
that's playing me for fun..
your mouth just a gun..
shoot away shoot away you killer
maybe i'm the one to blame
but baby it's a god damn shame
to throw it all away
playing this little blaming game
and maybe you're the one
that's playing me for fun
your mouth like a gun
shoot away shoot away you killer

take those gazing eyes and focus
maybe we're not hopeless
take a second and give us a second chance
maybe we'll fall in love all over again
and if we don't, don't sweat it
I guess you wouldn't sweat it anyways
I keep forgetting that you regretted
all those days all all those days
finish me off
you'll be the last one standing
no one will fall for that
I'll make sure of it
if it's my very last act
my very last act

you shot me down
(you shot me down)
and I fell fast
(i fell fast)
i'll leave this town
(i'll leave this town)
but I won't forget my past
(my past)
you shot me down
(you shot me down)
and I fell fast
(i fell fast)
i'll leave this town
(i'll leave this town)
but I won't forget my past
(my past)
