Come on, BRING IT!

Oh, I wanna take you somewhere  
We're gonna go for a ride  
Just step inside and let your eyes do the driving  
Your life is like a drive-in movie  
You fuck me, you screw me  
You turn tricks, you suck dick  
And the thought of food makes you sick  
Makes me SICK!

1,2,3,4  
Let me hear you scream if you want some more  
Like ah, ah, ah, ah  
1,2,3,4  
Let me here you scream if you want some more.  
Push it push it, watch me work it, I'm perfect

Trashy bitch, needs a fix  
Narcotics and bondage  
Sluts and guns, dick-sucking nuns  
Trashy bitch Catholics  
Need a fix of the blood of Christ  
Spoil the rod not the child  
And we vomit just to stay in style

1,2,3,4  
Let me hear you scream if you want some more  
Like ah, ah, ah, ah  
1,2,3,4  
Let me here you scream if you want some more.  
Push it push it, watch me work it, I'm perfect

If you can't beat em' ... slap em'  
If you can't beat em' FUCKING SLAP EM'

Dragging us by the collar  
Driven by the almighty dollar  
You're just trash in training  
Welfare line waiting  
ClickÃ© picture painting

Of a radically racial hanging  
Do as I say  
Not as I do  
Everyone keep on dancing  
Till you have a whoregasm

Push it, push it, push it, push it real good

1,2,3,4  
Let me hear you scream if you want some more  
Like ah, ah, ah, ah  
1,2,3,4  
Let me here you scream if you want some more.  
Push it push it, watch me work it, I'm perfect

Oh, I wanna take you somewhere  
We're gonna go for a ride  
Just step inside and let your eyes do the driving  
Your life is like a drive-in movie, you fuck me, and you  
screw me  
You turn tricks, you suck dick  
And the thought of food makes you sick

Everyone keep on dancing  
Till you have a whoregasm

Push it, push it, push it, and push it real good

1,2,3,4  
Let me hear you scream if you want some more  
Like ah, ah, ah, ah  
1,2,3,4  
Let me here you scream if you want some more  
Push it push it, watch me work it, I'm perfect
