Mike Scott)

Well the dawn it is howlin'  
and the mainframe shakes  
I feel like I've been sleepin' in  
a cellarful of snakes  
My wings have been clipped  
and my shoes have been stuck with glue  
Well if you'll be my enemy  
I'll be your enemy too

Now I've got goons on my landing  
thieves on my trail  
Nazis on my telephone  
willing me to fail  
they were all sent by someone  
Obviously you!  
Well if you'll be my enemy  
I'll be your enemy too

I've got a bucketful of Babylon  
I got a handful of lead  
I'm gonna put them in a gun man  
point it at your head  
because you stole all my friends  
and you gave me the buffalo blues  
Well if you'll be my enemy  
I'll be your enemy too

Now from the slime on your tongue  
to the nails on your toes  
from the scales on your skin  
to the stains on your clothes  
you're gonna make me have to do somethin'  
that I do not want to do  
but if you will be my enemy  
I'll be your enemy too

My hands are tied  
I'm nailed to the floor  
feel like I'm knockin' on the

Unknown Door  
there's a gun at my back  
a blade at my throat  
I keep on findin' hate mail  
in the pockets of my coat  
Well I've been trying to grow  
I been coolin' my heels  
I have been workin' in the fields  
and I can't get to sleep  
I can't catch my breath  
I can't stop talkin' and I  
look like death!  
but I will put right this disgrace  
I will rearrange you  
If you'll be my enemy  
I'll be your enemy too  
If you'll be my enemy  
I'll be your enemy too  
Be my enemy
