V1

When I'm feeling down, with no friends around  
And the kind of thoughts that I detest  
Do I get sad and start to feel all bad?  
No! I choose happiness

When things don't turn out right  
And people start to argue and fight  
Do I just not try and start to cry?  
No! I choose happiness

CHRS

Happiness, (hap, hap, happiness) Oh, happiness  
When life goes and puts me to the test,  
I choose happiness  
Oh Happiness, (hap, hap, happiness) Oh, happiness  
Whenever I want to be my best  
I choose happiness

BRIDGE

I won't let myself get those Face Book blues  
With nothing to post but bad news  
I'll get myself together with a group of my friends and  
Shake it, shake it, shake it till the sadness ends Â–  
brrrrrrrrrrrr!

When grown ups are getting on my case  
About me messing up my space  
Do I shout out loud?  
No, I'll make them proud  
When I choose happiness

CHRS

Ha Ha Happiness, Ha Ha Happiness,  
Ha Ha Happiness, Ha Ha Happiness  
Ha Ha, ha, ha, ha, ha, ha, (laugh)  
I choose happiness! Yeah!
