Ira tenax 1:13

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

Male sit tibi tenebrarum rex

ab initio ad finem sacra ultio

cruenta pugna et epicus furor

contra mali discipulos

Ad perpetuam gloriam lucis

furor ira tenax

contra iniuriam et ruinam

rabies ira tenax

Male sit tibi tenebrarum rex

cruentus rex

Warrior of ice 5:58

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

Demons of abyss wait for my pride

on wings of glory I'll fly brave and brave

I'll stop your madness your thirst for blood

to bring them peace where love must reign

A while ago the elder told dark will fall again

my land will see the light no more my beloved Algalord

My horse run wild the beast is back to conquer my  
reign

the sea the hills rivers and lakes call my holy name

Fight your holy war raise your mighty sword and ride

You're the chosen face the evil son of holy ice

Mighty warrior for the legend ride again

from the hills for peace and love to the sea of gold

my land must be free

I cross the forest of the elves while my heart pounds  
fast

sky is grey wind no more time has stopped its race

My horse run wild the beast is back to conquer my  
reign

the sea the hills rivers and lakes call my holy name

Fight your holy war raise your mighty sword and ride

You're the chosen face the evil son of holy ice

Mighty warrior for the legend ride again

from the hills for peace and love to the sea of gold

my land must be free

March to hell Irengard brothers

together we'll face the flames fearless and brave

on the grass where blood we'll shed

flowers of real hope will bud again

And on the grass where blood we'll shed

flowers of hope will bud again

Now leave your soul castles united we'll be strong

I'll lead you to this holy war to save all our thrones  
to give our people the joy to be free  
to see our beloved sun shine again  
Mighty warrior for the legend ride again  
from the hills for peace and love to the sea of gold  
my land must be free

Rage of the winter 6:10

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

Cold is the winter snow falls down  
mystical lights dance in the sky to the winds of night  
Spell of the nature fill all my soul  
kiss with your wonderful song my land with love  
Rage of the winter mould the horizon  
cover the mountains forest and lakes  
Rage of the winter magical wonder  
enchanted fury majestic force

There are no words to describe the poetry of landscape  
I can receive all the magic that my season gives

Tears of the winter falling on me freezing my dark side  
my heart must be wide fair full light eyes

Rage of the winter mould the horizon  
cover the mountains forest and lakes

Rage of the winter magical wonder  
enchanted fury majestic force

Cold is the winter snow falls down  
mystical lights dance in the sky to the winds of night  
Spell of the nature fill all my soul  
kiss with your wonderful song my land with love  
Rage of the winter mould the horizon  
cover the mountains forest and lakes  
Rage of the winter magical wonder  
enchanted fury majestic force  
Forest of unicorns 3:23

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

Run holy beloved horse  
on this peaceful day  
through these valleys kissed by light  
where peace is so rare  
So hardy trees let me hear your words  
about those memories  
please tell me all about our hold  
and epic battles they won  
Beware of unholy fire  
my guardian of the trees  
their flames can't burn the memory  
the wisdom of the kings  
The secret of this forest  
the ride of unicorns  
are treasures of these valleys

where freedom has its throne  
where love must reign eternally  
avoiding acts of war  
We must have all their valour  
to defend these lands  
or the sun in these valleys  
will not shine again  
Beware of unholy fire  
my guardian of the trees  
their flames can't burn the memory  
the wisdom of the kings  
The secret of this forest  
the ride of unicorns  
are treasures of these valleys  
where freedom has its throne  
where love must reign eternally  
avoiding acts of war  
Flames of revenge 5:32  
Musica: Luca Turilli ed Alessandro Staropoli  
Testi: Luca Turilli  
My princess why must I assist at your death  
I can't endure this tragic pain  
now I close your eyes while thunder strikes the sky  
I cry to see the innocent die  
Brothers I'm ready the ride can begin

for you I must win

Now the time has come farewell my dear old friends

Ancelot is calling for my help

From the sun of Elgard to the middle plains

for salvation of enchanted lands

I'm looking forward to avenge all those killed

to be face to face

Fire and steel

follow me through my lands

you will burn hordes of hell

in the deadly raging flames of revenge

Come out from your abyss the tears seek revenge

for this cruel tragedy flames are burning high

Brothers I'm ready the ride can begin

for you I must win

Fire and steel

follow me through my lands

you will burn hordes of hell

in the deadly raging flames of revenge

Virgin skies 1:20

Musica: Luca Turilli ed Alessandro Staropoli

Land of immortals 4:50

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

Hear the silence of the winds making your own destiny

go and face the mirror of their sin

Only brave hearts found the way breaking all  
the dragon's spell

cross the Argon's glade with heart in hand

Land of immortals I wait for my day

to reach the wisdom of your skies

Land of immortals you must belong to me

from here to eternity

And between Elgard's hills near the ancient ruins of  
Kron

you will face the trick of the old dwarf

To obtain the second key you have to cross the bloody  
sea

where the thirst of Tharos never ends

Land of immortals I wait for my day

to reach the wisdom of your skies

Land of immortals you must belong to me

from here to eternity

Holy force of wisdom spread through all the air

I shall breathe you forever to end this epic holy quest

My way will be hard but I would do all

to reach the valleys where true heroes ride

beyond the ivory gates

Land of immortals I wait for my day

to reach the wisdom of your skies

Land of immortals you must belong to me

from here to eternity

Echoes of tragedy 3:32

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

Where sun creates shadow's games

where tragic echoes speak of death why Lord why

between the ruins through lakes of holy blood

I walk in tears for my wasted land

Echoes of tragedy carved on my steel

in this neverending fight against the beast

soldiers of twilight turn back to hell

burn in your fire of glory for me will be your end

Mothers and children embraced in blood

torture and rape will leave their sign

after the sorrow I call the holy rage

burn in my heart now flames of blind hate

Echoes of tragedy carved on my steel

in this neverending fight against the beast

soldiers of twilight turn back to hell

burn in your fire of glory for me will be your end

Lord of the thunder 5:32

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

Born in the time of darkness and evil under the sign of  
God

glory's my mother fire's my brother sword my holy law

Into the land of chaos and hate there is no place for me

and for the conquest of justice and honour I will use my  
steel

Holy flame burn again for eternity burn my heart to win

the holy war is awaiting another fiery king

Rage in my heart crossing the forest riding my black  
horse

across the valley along the river where the hot blood  
flows

Over the lakes and over the hills I follow the call of the  
wind

uphold the legend and for my princess I will fight and  
win

Holy flame burn again for eternity burn my heart to win

the holy war is awaiting another fiery king

Lord of the thunder please be my guide

before and after my last ride

I'll be your soldier serving the light

riding forever alive and proud

Holy flame burn again for eternity burn my heart to win

the holy war is awaiting another fiery king

Lord of the thunder please be my guide

before and after my last ride

I'll be your soldier serving the light

riding forever alive and proud

Legendary tales 7:50

Musica: Luca Turilli ed Alessandro Staropoli

Testi: Luca Turilli

And darkness covers all the land

the silent river flows  
the jesters dance around the flame  
playing an ancient song  
A song of mighty warriors  
of epic bloody fights  
while moonlight meets the manor's walls  
and I must close my eyes  
Another tale of infinite wars  
for the defenders of holy light  
the fire enters my mind  
the blood of the innocent before my eyes  
spreading the wings of the dream  
I want to win between fire and steel  
for them all  
Some knights sleep near fire  
drowned in their own red wine  
the elder looks at the high flame  
knowing the fight will reprise  
The magic twittering of the birds  
meets the light of dawn  
the ancient song is fading now  
but my old dream carries on  
Another tale of infinite wars  
for the defenders of holy light  
the fire enters my mind  
the blood of the innocent before my eyes

spreading the wings of the dream

I want to win between fire and steel

for them all
