Lyrics: Luca Turilli

Born in the time of darkness and evil under the sign of  
God glory's my mother fire's my brother sword my holy  
law. Into the land of chaos and hate there is no place  
for me and for the conquest of justice and honour I will  
use my steel

Holy flame burn again for eternity burn my heart to win.  
The holy war is awaiting another fiery king

Rage in my heart crossing the forest riding my black  
horse Across the valley along the river where the hot  
blood flows. Over the lakes and over the hills I follow  
the call of the wind uphold the legend and for my  
princess I will fight and win

Holy flame burn again for eternity burn my heart to win.  
The holy war is awaiting another fiery king

Lord of the thunder please be my guide

before and after my last ride

I'll be your soldier serving the light

riding forever alive and proud

Holy flame burn again for eternity burn my heart to win.  
The holy war is awaiting another fiery king

Lord of the thunder please be my guide

before and after my last ride

I'll be your soldier serving the light

riding forever alive and proud
