ROSA NERA SUSSURRANTE PIANGE SANGUE
D'INNOCENZA
DALL'ABISSO LEI RITORNA PER URLARE LA SENTENZA

The witches are riding, wolfs howl at the moon
while candles are lighting the black mess of fools
The daughter of evil the mistress of shame
her tomb is now open to allow her awake...
'cause she is the princess of sorrow,
'cause she is the bringer of pain
while gothic portals of saddness call her
unpronouncable name
Moonlight is lighting her face

down in the crypts of the damned
Her sins will not be the last
when the rituals start

Black candels burning announce her come back
The reign is awaiting the queen of the
Dead... Of the dead!

The poison is ready, the words are pronounced
the portals are open, her soul wanders tought
Her body is moving, her heart of bitch pounds
Is Kron who lives in her, in her open wounds...
'cause she was devoted to darkness,

drinking black blood for her god
Witch of perversion and luxury suicide as true lover of
Kron
down in the crypts of the damned
Moonlight is lighting her face
when the rituals start
Her sins will not be the last

Black candels burning announce her come back
The reign is awaiting the queen of the
Dead... Of the dead!

ROSA NERA SUSSURRANTE PIANGE SANGUE
D'INNOCENZA

DALL'ABISSO LEI RITORNA PER URLARE LA SENTENZA

Oh, God... the passage is open
the souls of the damned are ready to cross it...
Your fucking army of dead will never be so powerful
Godforsaken bitch...!
to break the chains of wisdom... beware!

My land don't cry
My birds don't stop to fly
Poor child don't die
don't let her taste your blood

mountains and valleys are calling your might
Gargoyles and wizards prepare this last ride
Mystical sunshines prelude to her coming
the black flame of evil is burning and growing
Queen... queen of the dark horizons!

to the ancestral whisper of hell
Forest of ghostland give your sad welcome
Sodomy, pestilence, torture and bloodshed
is what she brings from her past of depraved

Queen... queen of the dark horizons!

Her body is moving, her heart of bitch pounds
Is Kron who lives in her, in her open wounds...
'cause she was devoted to darkness,
drinking black blood for her god
Witch of perversion and luxury suicide as true lover of
Kron
Moonlight is lighting her face

Her sins will not be the last
down in the crypts of the damned

when the rituals start
Black candels burning announce her come back
The reign is awaiting the queen of the
Dead... Of the dead!
