

Rhapsody Of Fire "Crystal Moonlight"

Lonely vibration of pure and divine
Energy trapped in dead silence
Tell about feelings now lost in a time
Forgotten by all men

Starfire, light up his unholy words
Prophecy kept by the ancients
And then reveal the last fate of all
The world needs to know

Presenze insane
Vane verita'
Spettri d'arcani mondi
Cercano al di la'
L'al di qua'

Moonlight
Take my emotion now
Moonlight
Never forgive me

Moonlight
Romantic shade of the moonlight
May you reflect
The crystalline glare of my fate

Thousand and thousand of wandering soul
Cry for the lust of a new life
Damned to ascend but to come back again
For great will of revenge

Aeons infected, merciless space
Tyrants of worlds now colliding
I am the gate way, the seed of your mind
The truth and a lie

Presenze insane
Vane verita'
Spettri d'arcani mondi
Cercano al di la'
L'al di qua'

Moonlight
Take my emotion now
Moonlight
Never forgive me

Moonlight
Romantic shade of the moonlight
May you reflect
The crystalline glare of my fate

Moonlight
Take my emotion now
Moonlight
Never forgive me

Moonlight
Romantic shade of the moonlight
May you reflect
The crystalline glare of my fate

Moonlight
Take my emotion now
Moonlight
Never forgive me

Moonlight
Romantic shade of the moonlight
May you reflect
The crystalline glare of my fate
