so it goes
so it shows
so it knows
to show you how it goes,
what i feel
what i am feelin'
all i feel is
loving you

shall i go?
do you know?
where to go
into
you know to show
what you feel
what you are feelin'
all you are feel is
loving me

i want you to rise
above the tides
i see in your eyes
that i love abides
your love it cries
for more love

you feel so much pain
that is unreal
you feel so much pain
that is how you feel
but it's not just your pain

do you know?
how to go?
and when to show?

you know the way to go
all my life
all the striving
all cruel life is
loving you

i want you to rise
above the tides
i see in your eyes
that i love abides
your love it cries
for more love

you feel so much pain
that is unreal
you feel so much pain
that is how you feel
but it's not just your pain

so it goes
so it shows
so it knows
to show you how it goes
what i feel
what i am feelin'
all i feel is;
loving you
