Greetings from space
I am lost without a trace
Without a face, number or name
Here we could stay
It feels nice to get away
from all the pain
The world has gone insane

It's all the same
handshakes and names
Circulating round
But I've found
a leap hole in the ground
So tell my guitar
I wont be coming home tonight
Feels kind of hopeless
when there's no one around

So I try to say that I'm sorry
And I try to do no harm
And I lied when I said I was Happy
If you love me
please, let me go

Peel off my skin
I don't need anything
I've lost your ring
But, honey, It's just a thing
Here we could stay
It feels nice to get away
from all the pain

The world has gone insane
It's all the same
handshakes and names
Circulating round
But I've found
a leap hole in the ground
So tell my guitar
I wont be coming home tonigh
Feels kind of hopeless

when there's no one around

So I try to say that I'm sorry
And I try to do no harm
And I lied when i said
I was happy
If you love me
please, let me go
So tell my guitar
I won't be coming home tonight
Feels kind of pointless
when there's no one around
