Your daddy bought you a new car  
Your mama says you're gonna be a star  
And you ain't worried 'bout nothing, girl  
But your hair

You drop the top and you cruise around  
Girl, you're shakin' up the whole town  
Just a wink  
And the boys are thinkin' that you care

You got 'em feelin' 'bout ten feet tall  
All lined up and ready to fall  
For your white lies and blue eyes  
Your tanned legs and your cut-off jeans

All the fools, they love you just like me  
Believin' every word from you  
Even though I know they ain't true  
White lies and blue eyes

It's after midnight, where you been?  
Now don't you tell me, "With your friends"  
'Cause they told me  
They ain't seen you all day

Girl, you're givin' me the runaround  
But it's so hard to put my foot down  
When you keep smiling at me  
That same sweet way

Well, I was all set to make my stand  
But here I am, slippin' and fallin' again  
For your white lies and blue eyes  
Your tanned legs and your cut-off jeans

All the fools love you just like me  
Oh, believin' every word from you  
Even though I know they ain't true  
White lies and blue eyes

Well, I was all set to make my stand  
But here I am, slippin' and fallin' again

For your white lies and blue eyes  
Your tanned legs and your cut-off jeans

All the fools, they love you, oh, just like me  
Yeah, I believe every word from you  
Even though I know they ain't true  
White lies and blue eyes  
Yeah, the blue eyes and them white little lies
