Into the city

Where the girls are pretty

And you can't go wrong

Take your time

No need to hurry

Don't have to worry

Cause it won't take long

Well you can surf in the city

You can swim in the pools

Do anything you want

Because there ain't no rules

Drive your super-stock carbur to the long highway

And you can drag.

In the city in the falling right

The kids are hip and they can dance all night

In the city all the girls are pretty and they go...

Come along

Into the city

Where the girls are pretty

And you can't go wrong

Well you can surf in the city

You can swim in the pools

Do anything you want

Because there ain't no rules

Drive your super-stock carbur to the long highway

And you can drag.

In the city in the falling right

The kids are hip and they can dance all night

In the city all the girls are pretty and they go...

In the city, into the city...
