Tell me, who's this by my side?

This girl with eyes like gems

And cool reactions to your lies

Lies

La la la la la la lies

You can't repeat what you put 'round

All the things that made me cry

You kicked me when I was down

And they hurt me all those lies

Lies

La la la la la la lies

I've got my girl and together we're strong

To laugh at you and prove you wrong

I don't insist that you feel bad

I just want to see you smile

Don't ever think you made me mad

I didn't listen to your lies

Lies

La la la la la la lies

If I'm so lost without a friend

Tell me, who's this by my side?

This girl with eyes like gems

And cool reactions to your lies

Lies

La la la la la la lies

I don't insist that you feel bad

I just want to see you smile

Don't ever think you made me mad

I didn't listen to your lies

Lies

La la la la la la lies
