When the rivers gleam and the buildings shine
How do you feel goin' up hallowed halls
And the summer clothes brighten gloomy halls
And they're all in love
And they're all in love
Where do you fit in zzzip magazine
Where the past is the hero and the present a queen
Just tell me right now where do you fit in
With mud in your eye and a passion for gin
And they're all in love
And they're all in love
Hey, goodbye all you punks
Stay young and stay high
Hand me my checkbook
And I'll crawl out to die
But like a woman in childbirth
Grown ugly in a flash
I'm seen magic and fame
Now I'm recycling trash
And they're all in love
And they're all in love

And they're all in love

And they're all in love
