"No Return"

Tracing back the footsteps of time
Sifting out the reasons from rhyme
Forget about this life of mine
I'm going back in time
Yes, I'm going back in time

Sifting out the mysteries of life,
Passing times of peace and strife.
Can I tamper with what I see
Or is this the End for me?

Have we progressed or have we declined?
This is the Question of mine.
The Answers will come with time,
Yes, the Answers will come with time.

The flashing heat, flows through my mind.
I can feel the surging power,
It's like no other kind.
It will blow your Mind!

Can't turn back
There's no return.

Tracing back the footsteps of time
Sifting out the reasons from rhyme
Forget about this life of mine
I'm going back in time.
Yes, I'm going back in time.
