### "Death Ride"

Road is spinning...  
Stomachs turning...  
Death is winning...  
Blood is burning...

Jam or die! Jam or die! Ham or die! Jam on!  
Jam or die! Jam or die! Ham or die! Jam long!

One false move could end it all!  
One mistake could start you to fall!  
One last chance to leave it behind!  
But you see that all you will find is just a wall!

We live for heavy metal  
We've got a score to settle  
One life for heavy metal  
One life means verry little

Death Ride! Death Ride! You are gonna Die!  
Death Ride! Death Ride! You're gonna go to hell!  
Death Ride! Death Ride! You are gonna Die!  
Death Ride! Death Ride! You're all gonna go to hell!
