Sister Shotgun, one way ride
Punch your tickey, lose your mind
Sixteen candles, burning bright
Trick or Treat the street tonight
You don't know anything about love
You don't know anything at all
I hear your bark, I feel your bite
I'll give the dog a bone tonight
Beg for your love
Little tramp in disguise
No one listens to your lies
Late night lady, on your own
Take a chance, you're alone
You don't know anything about love
Now do you honey?
You don't know anything at all
I hear your bark, I feel your bite
I'll give the dog a bone tonight
Beg for your love
Beg for your love, beg for your love
Leave your name and number
And I'll give you a call
Beg for your love
I'm gonna make you beg for your love
Sweet sister beg for your love
Come on honey beg, beg for you love
Lil' darlin beg, beg for your love
Come on honey, midnight lover
We both know honey
We don't need each other
The nights get longer
The drinks get shorter
Beg for your love
Beg, beg, beg for your love
Beg, beg, beg for your love
Sweet sister, little tramp
I'm gonna make you beg for your man
One more time, one way ride
Beg for your love
