V1:

You like squeaky clean, I like destruction  
When I step on the scene, I cause disruption  
You're like the violin, I'm like percussion  
You like low key I like seduction  
You like to walk slow, I like to run  
You're so uptight and I'm so undone  
You're black and white, and I'm technicolor  
One million more of you, but like me there's no other  
(other)

Hook: Hey I won't fall in love Prince Monotone  
Your broken record aint got nothing on my uh-oh, uh-oh  
Drop that beat, give me bass, the crescendo  
And turn me up, turn me up on this microphone  
I could never ever see us together x3  
If you wanna blow up, baby step your game up

V2:

You live reality, I live delusion  
I'm electrified, nuclear fusion  
You're always satisfied, I'm always restless  
You're into simple things, I'm into reckless  
I like the thunder, you like the breeze  
You like to whisper I like to scream  
If you're corona, then I'm the hard liquor  
If you want to catch me up gotta run quicker (quicker)

Bridge: What makes you think that you got what it  
takes, to handle me when all them other boys afraid,  
coz' without lemons can't make no lemonade, no  
lemonade.

I like the bumpy and the rocky and the gritty and the  
choppy and the razored and the murkey and the  
grimey and the dirty and the stained and the tainted,  
and the raw the complicated, the edge, the intense, the  
dark and contaminated
