Thank you for this moment

I've gotta say how beautiful you are

Of all the hopes and dreams I could have prayed for

Here you are

If I could have one dance forever

I would take you by the hand

Tonight it's you and I together

I'm so glad I'm your man

And if I lived a thousand years

You know I never could explain

Lyrics

The way I lost my heart to you

that day

but if destiny decided I should look the other way

then the world would never know

the greatest story ever told

and did I tell you that I love you

tonight

I don't hear the music

When I'm looking in your eyes

But I feel the rhythm of your body

Close to mine

It's the way we touch that sends me

It's the way we'll always be

your kiss your pretty smile

you know i'd die for

oh baby

you're all i need

And if I lived a thousand years

You know I never could explain

The way I lost my heart to you

that day

but if destiny decided I should look the other way

then the world would never know

the greatest story ever told

and did I tell you that I love you

just how much i really need you

did I tell you that I love you

tonight

tonight

And if I lived a thousand years

You know I never could explain

The way I lost my heart to you

that day

but if destiny decided I should look the other way

then the world would never know

the greatest story ever told

and did I tell you that I love you
just how much I really need you
did I tell you that I love you tonight
