Verse:

It feels like something's got a hold of me why is this feeling controlling me? I never wanted to fall so crazily Love's a crazy thing.

What is the cure for this addiction, what is the cure for this attraction? Is there a cure for infatuation? There's no cure for love

Hook:

Sometimes it's real, sometimes it's not, It's a feeling that you can't stop. When you see it in your eyes and you feel it in your heart. Let me tell you there's no cure for love.

Sometimes it's real, sometimes it's not. Can't control who or what, when you see it in your eyes and you feel it in your heart, let me tell you there's no cure for love.

Verse

Why do I feel a sense of completeness, I'm so afraid of this total weakness. I tried and tried but couldn't stop this. Love's a crazy thing.

What is a cure for this inclination? What is the cure for this fascination? What is the cure for my temptation. There's no cure for love

Bridge

There's no saying, what game we playing but it's you I'm craving (There's no cure for love)

My heart is racing, my body's shaking and it's still you I'm craving (There's no cure for love)

x2
