#### VERSE

I just can't take no more, everytime I close the door.  
Everytime I think you're gone (I just can't take no more)

I don't wanna hear from you again, don't even want to  
hear them say your name because no amount of time  
can heal my pain (I just can't take no more)

#### BRIDGE A:

When I see you in the club and you won't look in my  
eye. Do you think it doesn't hurt enough to see that girl  
by your side? Remember when you said I was the best  
thing in your life, but then you broke my heart, you  
made me cry boy now tell me why?

#### CHORUS

How did I let you get so deep inside of me?  
(Run Away)  
I don't want you still to be a part of me.  
(I just can't stay)  
I'm tired of waiting to see a better day  
(Run Away)  
So I'm leaving for a place thats far away  
(Just can't stay)

#### BRIDGE B:

When I see you in the club and you just walk on by,  
pretending like there never was a 'you and I' and I just  
can't take you walking in and out my life, so baby boy  
I'm running away tonight.

#### REPEAT VERSE

#### BRIDGE C:

When I see you in the club and you won't look in my  
eye. My heart is bruised, I'm so confused, I need a  
place to run and hide. Now baby boy tonight you hurt  
me for the very last time. Soon as I get home pack up  
my things leave this mess behind.
