Timeless as the winds
Flowing in the night
A window of reflection
Blinds your inner sight
Feelings of deception
Lie deep within your soul
Clouded by forgiveness
The mystery will unfold

Take the time to imagine
Beyond the dark you'll see
In your heart reside the answers
Truth provides the key

Forever seems the journey
To find the pot of gold
The secrets of fulfillment
The spirit of your soul
Waiting in the shadows
Dusk soon turns to dawn
Captured by the magic
Bewildered by it's charm

Take the time to imagine
Beyond the dark you'll see
In your heart reside the answers
Truth provides the key

Take the time to imagine
Beyond the dark you'll see
In your heart reside the answers
Truth provides the key

Searching for the answers
Reaching for the key
Hoping that the memory
Is more than just a dream
The secrets of forgiveness
The silence of the night
Shining in the distance
The future is the light

Sailing on a memory
In the lonely sea of dreams
Emptiness surrounds
You fade into a sleep
Awakened by a falling star
Enlightened by it's glow
Consequence of the miracle
Your thoughts will soon unfold

Take the time to imagine
Beyond the dark you'll see
At the heart of the matter
Truth provides the key

Take the time to imagine
Beyond the dark you'll see
At the heart of the matter
Truth provides the key
Provides the key
