Alone in the darkness
I wait for you to speak
Timeless regression
A chance to say the words I feel

Take me away
Let me leave the past behind
Show me the way
To the twilight garden of peace
Let me see beyond the anger
Let me see beyond the pain

Can you hear me?
Can you feel my emptiness?
Please grant me a moment
The words flow deep from in my heart

Take me away
Let me leave the past behind
Show me the way
To the twilight garden of peace
Let me see beyond the anger
Let me see beyond the pain

Drifting away in this endless parade of emotions
Walking endlessly
I can see the light in the distance
Living life without a means to an end
Taking for granted the precious time we have
Don't leave things unsaid
The chance may not come again
Let go of yourself and don't be afraid

Take me away
Let me leave the past behind
Show me the way
To the twilight garden of peace
Let me see beyond the anger
Let me see beyond the pain

Can you see me?

I'll always see you in my dreams
