I cannot go on
Living illusion like I do
I can't go on
I just can't go on
Thinking my dreams will come true
I just can't go on
I know it sounds crazy
I know I'm sounding insane
But I cannot live with or without
My hopes and my dreams
Guess I'll always try
To search for the perfect truth
Guess I'll always try
Till the day I die
I'll look for the impossible
Till the day I die
I know it sounds crazy
I know I'm sounding insane
But I cannot live with or without
My hopes and my dreams
I cannot go on
Killing my heart like I do
I just can't go on
I cannot go on
Wanting the things I can't have
I just can't go on
I know it sounds crazy
I know I'm sounding insane
But I cannot live with or without
My hopes and my dreams
Live with or without
My hopes and my dreams
Live with or without
My hopes and my dreams
