(((((Oh the dears)))))
(((((Oh the dears)))))
Oh the dears of being so strong
Oh the dears of never being wrong
It's such a strain
To find the strength within
And such a drain to fight and always win
Oh the dears of the cold cold night
Oh the dears of seeing death in our sight
And knowing every moment
That what I feel is true
The dears of knowing that I'll make it through
Oh the dears
the dears
((((((((Oh))))))))

Oh the dears of the nights are creeping
Oh the dears are never sleeping
It's such a strain
To find the strength within
And such a drain to fight and always win
And such a drain to fight and always win
((((Oh the dears))))
