I thought I had driven you out of my mind
When I crossed that bridge on memory lane
And burned it one last time
I told myself it's over and I'm finally free
But just when I thought I had buried your memory
It shows up just like a bad penny

An old memory found it's way back home again
Old feelings that I thought I'd lost
Have found their way back in
Like an old dog that you drop off
Just out side of town
Uninvited coming back anyhow
An old memory found it's way back home again

I swept every room when I cleaned house
Tore up your old love letters
And threw all of your pictures out
But I can't throw away what I can't see
I guess I fooled myself into believing
Forgetting you was gonna be easy

An old memory found it's way back home again
Old feelings that I thought I'd lost
Have found their way back in
Like an old dog that you drop off
Just out side of town
Uninvited coming back anyhow
An old memory found it's way back home again

Why can't I keep your memory away?
It's like a fire I can't put out
A cold that I can't shake

An old memory found it's way back home again
Old feelings that I thought I'd lost
Have found their way back in
Like an old dog that you drop off
Just out side of town
Uninvited coming back anyhow
An old memory found it's way back home again

Yeah, an old memory found it's way back home again
